Las Vegas, N. ## Pertinent Comment

By GUS MALBERT.

It is by no means certain that the Richmond team will have a new park next season. The dicker for a certain plat of ground, which will not be made public until after the deal is consummated, is assuming such wide proportions and so many difficulties are being encountered that it looks now as if Broad Street Park will continue to be the home of the local Virginia League aggregation for some time to come. The property in question is very much involved. There are two sets of owners, and they seem to be unable to get together. However, negotiations are still going on, and it may be that something can be done in time to start the season in a new home.

Willie Baker may, and again he may not, be back in Richmond next spring. The future of the diminutive third sacker-shortstop is just about as problematic as the new ball park. Not a single fan in Richmond but must admit that as a fielder Baker is about as good as they come in minor league circles. He started out here as a shortstop, and made good. Never much with the stick, he fielded in such brilliant form that his weakness in that respect was overlooked. Last year, through some freak idea, Jimmie Sullivan shifted the boy to third, and he didn't look any too good at that corner. Conditions weren't right, and he slumped in his hitting. After starting out like a whirlwind, if he is here next season he will doubtless go back to his original station. Griffin has always played third base, and he will likely go back to that position. The loss of Martin makes vacant the center position. Baker for some time made the crack

that he didn't want to come back to Richmond. Now he feels differently about it. He wants to come back here, and makes no bones about it. If he is really anxious to get back here, and if Griffin can get no one better—which seems entirely improbable at this writing—Wee Willie will make a welcome addition to the club.

W. B. Bradley, who is attending to all of the business for the opponents of President Williams, yesterday sent to Secretary J. H. Farrell, at Auburn, N. Y., all of the records in the present imbroglio. A copy of the minutes they had not been received. The minutes will go forward just as soon as copies are in hand. The contention of the Richmond, Lynchburg and Danville clubs is that the meeting in Peleeville, at which Williams was elected to the presidency, was not legal. By what method this contention will be substantiated is not known.

The Memphis club, of the Southern League, has just applied for a receiver for that club. It might be well, in view of the precedent Farrell has attempted to establish in Virginia League affairs, for him to go to the Southern city and take a hand in the affairs of that club. There is just as much reason for his doing that as there is for him meddling with what is obviously a purely internal discussion in the Virginia League. From a broad viewpoint, there is no chance for him to show any good reason why he is entitled to meddle. But Farrell is a power unto himself, and seemingly can do what he will.

## ACTIVE TRAINING FOR TRACK SQUAD

(Special to The Times-Dispatch.) Charlottesville, Va., January 17.—Virginia's track squad started active training this afternoon for the indoor season, which is near at hand. Last night the athletes signed the pledge which requires a strictly temperate life. They are to retire by 11 o'clock each night and are to report for work daily.

Trainer Lannigan realizes that the team is new, and that it should be, but if vigorous training will bring out the men, there will be plenty of it from now on. In spite of the fact that the mercury is below the freezing point, the bare-legged athletes will work out each afternoon on the outdoor board track. While warming up yesterday at Randolph, one of the sprinters, fell on the turn and cut his knee seriously, which will keep him off the track for some time.

There are many methods for carrying out the purpose of the society, and each boy and girl, man and woman in the city should start now to help. It is clearly the duty of every citizen to aid the good cause. Any one desiring further information can obtain it by writing to Miss Donna Sheehan, corresponding secretary of the society.

## Bowling

The News Leader and the Journal teams, of the Richmond Bowling Association, met last night at the Newport. Both sides put up a hard-fought contest. Both teams had Fitzgerald in their lineup. Siefert, an old Richmond boy, was signed by the Journal last week, and he played a great game in his opening series. The News Leader won the first game by only four pins, but the second was an easy one for the Journal, and they won in a walk. The third game was won by the News Leader by a six-pin majority. Blair was high score and high total for the News Leader, with Bryant a close second. Following is the score:

Fire in Jewelry Store. A still alarm of fire was turned in at 1:20 this morning from the jewelry store of Smith & Webster (Inc.), 612 East Main Street, where a spark in the basement started a small blaze. There was much smoke, but little flame. A hose wagon was sent from headquarters, and the flames were soon extinguished with little damage resulting.

## Help the Birds.

Birds in the country surrounding Richmond are starving. The recent snows have made it impossible for the birds to find the food which they need to survive. The Virginia Audubon Society is anxious to secure food for the birds. It has been suggested that a meeting of those interested be held for the purpose of securing bird food in sufficient quantities to do actual good, but also for the purpose of attending to its distribution. It is pointed out that the school children of Richmond would be glad to help in the cause. There are many methods for carrying out the purpose of the society, and each boy and girl, man and woman in the city should start now to help. It is clearly the duty of every citizen to aid the good cause. Any one desiring further information can obtain it by writing to Miss Donna Sheehan, corresponding secretary of the society.

## THORPE WINS HONORS ON BOWLING ALLEYS

In Second Section of Second Round in Times-Dispatch Elimination Bowling Tournament, He Captures Both High Total and High Score.

To-night's schedule, beginning at 8 o'clock—Kennedy, Glass, Sweeney, Sheriff, Wade, Perdue, Denny.

The bowlers scheduled to take part in the second round of the Times-Dispatch elimination tournament all showed up on time in last night's match, and it looked from the start that there was going to be some fine spilling. It turned out just to the contrary, as no records were made. The bowlers who were counted on to be the leaders all fell down, and the supposed weak men showed up in fine style.

Thorpe carried off the honors for high score and high total, with Kennedy a close second. Blair, of the Newport, has offered \$5 to the high average bowler in the tournament for games played on the Newport Alleys.

## ARRANGES STATE IN NEW DISTRICTS

Chalkley Proposes Bill Covering Representation in Legislature.

MORE MEN FROM RICHMOND

Proportionate Increase From Southwest—Plan Is Entirely Tentative.

In order to get started the work of redistricting the State for representation in the Senate and House of Delegates, under the new census, John W. Chalkley, the House member from Wise, offered a bill yesterday to rearrange the lines of representation. Mr. Chalkley prepared it as a tentative proposition, and if anybody in any part of the State, save the Southwest, don't like it, he is at liberty to have it changed without offending the member from Wise.

Like the congressional redistricting, this affects every citizen in the State, in greater or less degree, and is therefore of the utmost importance. To repeat what has already been said about changing the congressional lines, it would be impossible to produce a bill which will suit any two men in the State.

As the result of the increase of population in the Southwest, Mr. Chalkley would give the Ninth District at now constituted thirteen members of the House, instead of eleven as at present. It would have five Senators instead of four.

There were more people in the State in 1910 than in 1900, and while in some localities the population was largely increased, in others it has diminished. Richmond is given six members of the House instead of five, and the city and Henrico county are given together three Senators. The city alone now elects two, while Henrico, with other counties, elects one.

Details of Bill. The provision of the Chalkley bill would redistrict the State as follows: Accomack shall have two delegates. Northampton and York shall have one delegate.

Elizabeth City and Hampton shall have one delegate.

Newport News, one delegate. New Kent, Charles City, James City and Williamsburg, one delegate.

Gloucester and Mathews, one delegate.

Essex and Middlesex, one delegate. Lancaster and Richmond, one delegate.

Northumberland and Westmoreland, one delegate.

Fredericksburg, Spotsylvania and King George, one delegate.

Caroline, one delegate
